The New Mexico Chapter of ISSA
holds monthly meetings

– live AND online –

presenting some of New Mexico's top
leaders in security, cybersecurity,
compliance, and risk management.

Join us at meetings live and
network with other professionals,
or connect to our Web stream when
distance or schedules interfere.

Visit our website, where you can find our
blog, meeting details, career opportunities,
regional conference listings, and more!

With more than 150 chapters,
ISSA members become your strongest
allies: tap into a wealth of shared
knowledge and expertise through chapter
meetings, conferences, networking events
and access to local resources.

"My career path into cybersecurity and risk management started with joining the New Mexico Chapter. As a member, I met supportive and experienced peers who have since become lifelong friends, expanded my professional network, and widened my circle of influence. As a chapter officer, I've had access to wonderful mentors from throughout the world, and further developed my leadership, teaching, and vendor relationships."
